
MASS [t]	
Oil	10
Total	34

NOTE:

- *Mass and dimensions are approximate only !*
- *Auxiliary equipment is shown as an example and can be subject to change.*
- *Exact position of the equipment can be redefined.*

801 Rating plate
701 Radiator
655 Thermal image
651 Contact thermometers
642 Dehydrating breather–OLTC
641 Dehydrating breather–transformer
632 Oil level indicator–OLTC
631 Oil level indicator–transformer
622 Pressure relief divece – OLTC
621 Pressure relief divece – transformer
612 Protective relay for OLTC
601 Gas relay
500 Conservator
460 Control cubicle
450 Main earthing terminal
430 Oil sample cocks
420 Oil draining and filtering valve
414 Pulling eyes
411 Jacking pads
410 Lifting lugs for complete transformer
331 Oil filtering valve
320 Thermometer pockets
210 Motor drive
201 On–load tap–changer
121 LV bushings
101 HV bushings
