Teema: For information: invitation to digital event on Communicating
Antimicrobial Resistance

Tähelepanu! Tegemist on väljastpoolt asutust saabunud kirjaga. Tundmatu
saatja korral palume linke ja faile mitte avada.
Dear colleagues,

Following our discussions during the NFPs for Communication meeting last
year, ECDC and the European Commission Directorate General for Health and
Food Safety, are organising a digital event on Communicating
Antimicrobial Resistance.

It will take place on 26 March, 13.00 to 16.00 CET, and you can register
here:

Bringing together representatives of different sectors, the event aims to
bridge the gap between complexity and comprehension around antimicrobial
resistance, while empowering different target audiences to better
understand and address this pressing global health challenge. From
journalists to academics, from patients to social media influencers, from
health communicators to NGO representatives, what can we all do better
when communicating antimicrobial resistance?

We would like to kindly invite you to take part and to ask for your help
in sharing further the information below:

Facebook:
Twitter:
LinkedIn:

Please save the date, check the agenda and speakers, and register for
this event:

Hope to see you there!

Kind regards,
Andrea

Andrea Nilsson
