Notes:

“**Document**” sheet is not a mandatory tab. This sheet’s intend is to allow the link of the Components/Objects and Types with external data like data sheets, manuals, etc

"**Pick List**" tab is an auxiliary sheet to storage values used in the Document sheet. Not to be modified by the Supplier.

"**Relationship**" tab is an auxiliary sheet that contains a schema with the relationships between different sheets of the Data Drops. Not to be modified by the Supplier.
