Dear national correspondents,

I am contacting you on behalf of the SPACE team to request data for the SPACE II web project, which seeks to track the annual probation stock and be updated in the same manner as SPACE I. In particular, we wish to obtain the number of probationers on January 31, 2024. If the data you are able to provide does not correspond to the 31st of January, please share your stock data with an explanation.

We have prepared a brief Word questionnaire for you to fill in (see attached file). The document includes both an English version and a French version. As usual, the regular SPACE II questionnaire will be sent out later this year, between late summer and early fall.

You can access the SPACE II web data at the following URL:  
I have updated the 2022 data with the results from the SPACE II 2022 questionnaire sent in September, see here:

We would greatly appreciate a response by the 20th of June at the latest. Please let us know if you require additional time. Likewise, if anything is unclear, please do not hesitate to contact me.

Thank you very much for your assistance,
