

BULGARIAN T-CLASS FEDERATION

Ref. No. TK-202/26.07.2026

**TO: JOINT HEADQUARTERS
ESTONIAN DEFENCE FORCES
REPUBLIC OF ESTONIA**

SUBJECT: Invitation to participate in the competition “T-Class Mile World Cup 2026”

DEAR SIR OR MADAM,

On behalf of the Bulgarian T-Class Federation (BTCF) and the International T-Class Confederation (ITCC), we have the honour to invite representatives of your institution to participate in the international **T-Class Mile World Cup 2026**, which will be held on 26–27 September 2026 at the Slivnitsa Military Training Center, Republic of Bulgaria. The event is included in the official sports calendar of the Bulgarian T-Class Federation and the International T-Class Confederation for 2026.

The competition is conducted under the international rules of the T-Class Tactical Long Range discipline, developed by the International T-Class Confederation (ITCC). The discipline combines long-range precision shooting, tactical teamwork, communication, and mission execution in a realistic tactical environment.

The competition traditionally brings together representatives of armed forces, law enforcement agencies, government institutions, and national federations from different countries, providing an opportunity for international professional exchange and the development of cooperation among participants.

The T-Class Mile World Cup is one of the leading international events in the T-Class sports calendar and provides a platform for participants from different countries to exchange professional experience, strengthen international cooperation, and demonstrate their skills under standardized international competition rules. The event promotes teamwork, precision, discipline, safety, and effective communication in challenging long-range shooting scenarios.

The Bulgarian T-Class Federation and the International T-Class Confederation are committed to promoting international cooperation, professional exchange, and the continuous

BULGARIAN T-CLASS FEDERATION

development of the T-Class discipline. We would be honoured to welcome representatives of your institution to the Republic of Bulgaria and sincerely hope that your country will be among the participating nations in the T-Class Mile World Cup 2026.

We would appreciate it if this invitation could be forwarded to the competent department within your institution responsible for participation in similar international events.

Enclosed please find the Programme and Concept of the T-Class Mile World Cup 2026, including the competition programme and participation requirements.

Should you require any additional information, please do not hesitate to contact us.

We highly appreciate your consideration of this invitation and look forward to welcoming representatives of your institution to the Republic of Bulgaria.

Please accept the assurances of our highest consideration.

Sofia, Republic of Bulgaria

26 July 2026

Respectfully,

Ivan Barzilov
President of the BTCF

BULGARIAN T-CLASS FEDERATION

Program and Concept of the T-Class Mile World Cup 2026

The competition is conducted under the rules of the T-Class Tactical Long Range shooting discipline – a series of realistic exercises performed by teams of two competitors using precision sniper systems. Targets are placed at distances from 1,000 to 1,610 meters. The official rulebook of the T-Class shooting sport is published on the official website of the International T-Class Confederation (ITCC): <https://t-class.org/rules>.

The discipline was created by the ITCC and has a distinctly military-applied character, combining elements of field tactics, communication, and long-range precision shooting in a variety of environments.

During the competition, participants' skills will be tested through exercises conducted under low-visibility conditions, including the following components:

- Realistic scenarios and stage design in natural terrain
- Tripod shooting – in approximately 40% of the exercises
- Shooting at targets controlled via the interactive Smart Target Systems, with targets illuminated by light or laser
- Diverse shooting directions – both in depth and across the front
- Dynamic conditions requiring team coordination and precise communication

A detailed description of the competition stages is published in the ITCC online scoring system: <https://scoring.t-class.org/>

Participation: Team event. A team consists of two competitors.

Shooting format: Two-day competition including night stages, TeamWork.

Firearms: One sniper rifle with telescopic sight per competitor.

[TLR] Bolt-action and semi-automatic sniper rifles are allowed, in calibers up to 8.60 mm, with a maximum case length of 72 mm.

Ammunition: Minimum recommended – 150 rounds per competitor.

Required equipment: Tripod, radio, spotting scope.

Targets: Paper targets at 1,000 meters; steel gongs with Smart Target Systems.

Location: Military Training Center Slivnitsa, Republic of Bulgaria
