

## Technical Specification

### SPECIAL UNIFORMS

#### 5.1 Trousers

# CCT | CARINTHIA COMBAT TROUSERS

---

Modern combat pants for use in military missions. Sophisticated fit with a wide variety of adjustment options for perfect wearing comfort with maximum freedom of movement.

Adjustable waistband, knees and leg cuffs. Stretch material in crotch, seat and rear waistband. Our newly developed needled polyester fleece (NI) in the waistband reinforced with it ensures a good fit and moisture management when wearing equipment or during heavy physical exertion. Reinforced knees with external protector pockets to accommodate Carinthia (or other popular) protectors. Individual adjustment of the knee pads in height and fixation is done by integrated Velcro loops. Storage space is provided by the 4 adjustable and spacious leg pockets plus 2 small lower leg pockets.

## MAIN FEATURES:
