

SIDE PLATE NIJ 0101.06 III++ SA

MODEL: HAP887

PROTECTION DATA

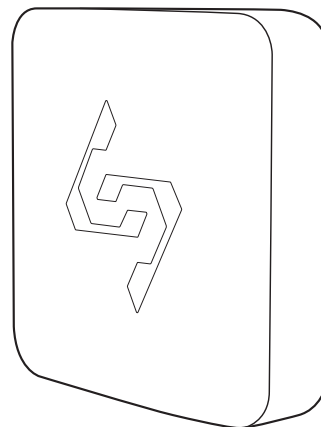

Threat Level	Style	Threat	Velocity (m/s)	Number of Strikes
NIJ 0101.06 Level III	Stand-Alone	7.62x51mm NATO FMJ (M80)	847 ± 9	1

SPECIAL THREAT

Threat Level	Style	Threat	Velocity (m/s)	Number of Strikes
NIJ 0101.06 Special	Stand-Alone	7.62x39mm FMJ MSC (M43)	735 ± 9	1
NIJ 0101.06 Special	Stand-Alone	5.56x45mm NATO FMJ (SS109/M855)	950 ± 9	1

SYSTEM OVERVIEW

- Lightweight construction, combining advanced European materials with world leading Australian processing technologies to provide exceptional ballistic protection performance in demanding applications.
- Validated in accordance with NIJ 0101.06 Level III performance (plus additional special threat calibres) tested Stand-Alone.
- Ergonomic Single-Curve geometry for maximum comfort.
- HAP covered in a seam-welded and bonded layer of hard-wearing and waterproof polyurethane backed 500D Nylon for superior environmental protection.
- HAP ballistic performance guaranteed for five years.
- Ideal for both Land and Maritime Operations.

TECHNICAL DATA

HAP887

Product	Size	Dimensions (mm)	Weight (g)	Thickness (mm)	Surface Area (cm ²)
111-1001-3115	152 x 152mm	152 x 152	568	28	229

Manufacturing Tolerances: Width and Length dimensions are ± 2 mm, Thickness' are ± 2 mm. Weight tolerance is $\pm 4\%$

ARMOR AUSTRALIA PTY LTD

Armor Australia sets the benchmark for high quality lightweight rifle threat armour solutions. Engineered to meet a variety of threats, we protect specialist Military and First Responder end users in over 40 countries globally.
