

CROATIAN PARLIAMENT
PRESIDENT

Zagreb, 7th September 2026

Esteemed Mr Speaker,

At a time when the international environment is increasingly unpredictable and challenging, I believe that Croatia and Estonia, as allies within NATO and partners within the European Union, need to remain proactive and constructive in contributing to future solutions that will help safeguard our democracies, our institutions and our societies.

As parliamentarians, we have a particular responsibility - in our national political arenas, bilaterally and multilaterally - to promote more dialogue, more mutual understanding and to endorse productive parliamentary diplomacy. By doing so with true dedication, we can indeed play an important role in advancing our common values and goals, and in standing more united against all threats to our democracies.

Dear colleague, I believe that fully utilizing the potentials of bilateral cooperation between like-minded countries is an indispensable part of this overall process. In that vein, let me express my readiness to work with you on strengthening the relations between Croatia and Estonia, between the Hrvatski sabor and the Riigikogu, as well as between our peoples. To move more concretely in that direction, **allow me to extend to you an invitation to pay a working bilateral visit to Croatia, from 30th November to 1st December this year.** In case the proposed dates are acceptable, I suggest all remaining details be arranged subsequently via usual diplomatic channels.

Finally, dear Mr Speaker, please accept the assurances of my highest consideration.

Gordan Jandroković
