

Sèvres, 13 January 2026

Embassies in Paris of the States Parties to the Metre Convention
The President of the Académie des sciences (France) Members
of the CIPM

Convocation of the 28th meeting of the General Conference on Weights and Measures (CGPM)

Pursuant to Article 7 of the Regulations annexed to the Metre Convention, we are writing to inform you that the International Committee for Weights and Measures (CIPM) has decided to convene the 28th meeting of the General Conference on Weights and Measures (CGPM) from Tuesday 13 to Thursday 15 October 2026 at the Palais des Congrès de Versailles, 10 rue de la Chancellerie, 78000 Versailles, Yvelines, France.

Pursuant to Article 4 of the Convention, the CGPM will be chaired by Prof. Françoise Combes, the current President of the Académie des sciences (France).

The meeting will be held in a hybrid format allowing both in-person and remote participation. To support this, the CIPM is proposing that the CGPM adopt a Special Procedure at its 28th meeting to regulate its conduct in this respect. The Special Procedure is attached to this letter. It will be considered during the opening session of the meeting. We would be grateful if States Parties could indicate their support for the adoption of the proposed Special Procedure to the CIPM Secretary by 31 May 2026.

A list of the draft resolutions proposed by the CIPM for discussion at the 28th meeting of the CGPM together with a draft agenda are attached to this letter.

With a view to ensuring distribution of materials to all States Parties within the four (4) month time limit agreed in Resolution 10 adopted by the CGPM at its 9th meeting (1948), States Parties are invited to present their proposals through diplomatic channels by 31 May 2026.

States Parties are asked to present the composition and credentials for their delegations to the Director of the BIPM by Monday 28 September 2026.

We kindly request that all communications concerning the 28th meeting of the CGPM be addressed by email to cgpm@bipm.org.

We will be organizing three on-line briefing sessions to keep participants informed about the plans for the meeting. The CIPM President will also use these sessions as an opportunity to propose plans to convene an informal dotation committee for the CGPM. Information about these sessions will be communicated in due course.

The detailed programme for the meeting and other relevant documentation will be available from the BIPM website, which will be updated regularly during the preparation of the meeting:
<https://www.bipm.org/en/cgpm-2026>.

For the International Committee for Weights and Measures

CIPM Secretary
Dr Takashi Usuda

CIPM President
Dr Wynand Louw
