

Erik Tomáš

Minister of Labour, Social Affairs and Family of the Slovak Republic

04.04.2025

Dear Minister,

Allow me to express my sincere congratulations on your appointment as Minister of Social Affairs of the Republic of Estonia. This is a testament to the trust placed in you by the government and the citizens of Estonia. I am confident that your experience and expertise will contribute to the development of social policy and the improvement of citizens quality of life.

I fully recognize the scope and complexity of your ministry which, similar to the Slovak Republic, addresses a broad range of key social issues. This is why I deeply appreciate the challenges and responsibilities of your position. I am certain that under your leadership, the ministry will successfully tackle challenges and bring about positive changes in the field of social affairs.

On this occasion, I would also like to acknowledge the progress that the Republic of Estonia has made in addressing of its citizens life situations. The modern approach to providing public services through digital tools represents an efficient and innovative model that simplifies administrative processes and enhances citizens convenience. The Slovak Republic is actively working on implementing the digitalization of public services, and Estonia's model, along with its successful implementation, serves as a valuable source of inspiration for us in developing and improving our own solutions in this area.

Allow me to wish you best success and energy in your new role as Minister. I hope that in the future, we will have the opportunity to collaborate more closely and exchange valuable experiences in the field of social policy.

Yours sincerely,

Ms. Karmen Joller
Minister of Social Affairs of the Republic of Estonia
