**Analysis of the Management  
Declaration and Summary of  
Audits submitted under the request  
for payment for Recovery and  
Resilience Facility (RRF)**

Dear Ms. Frédérick

On 13<sup>th</sup> of May 2024, the Commission services sent us two observations about the summary of audits, as reviewed by the ECFIN auditors in the framework of the assessment of the request for payment.

1. Overall level of assurance.

As per the recommendation of ECFIN auditors, the audit authority will add sections 5 “Other information” and 6 “Overall level of assurance” in our future summary of audits and will make sure that an overall level of assurance on the management and control systems of the audited bodies in Estonia is always clearly expressed in the future.

2. Indication of earlier findings and related follow-up

As per the recommendation of ECFIN auditors, the audit authority will add information about earlier findings and related follow-up to our future summary of audits, whenever relevant. The recommendations will be carried out in their entirety and no additional clarifications are needed.

Yours sincerely,
