

**Invitation Letter for the Diplomatic briefing on the economic situation in Ukraine,
August 11, 2025**

Dear Colleagues,

The Institute for Economic Research and Policy Consulting is pleased to invite you to our regular monthly "Diplomatic Briefing," where IER experts share their insights on the current economic situation in Ukraine and present the latest results of our business tendency survey.

The upcoming Diplomatic Briefing, focused on **"Ukraine's economic situation and challenges in July 2025"**, will take place online **via Zoom on August 11, 2025, Monday, from 16:00 to 17:00 Kyiv time (9:00-10:00 EST / 15:00-16:00 CEST).**

In July, Ukraine received new government, but the policies are likely to remain unchanged. The Parliament approved amendments to the Budget Law to finance higher defence spending. At the same time, the EU will provide lower Ukraine Facility tranche as Ukraine did not fulfill all indicators of Ukraine Plan. While the financial gap remains high for 2026, the new IMF program is likely to be negotiated in autumn, though this will be a challenge.

Current account deficit substantially widened in June partially due to defence imports, but also consumer imports. At the same time, grain exports is lower than previously. During the Briefing, the IER experts will talk more about recent economic trends and fiscal situation.

Moreover, Oksana Kuziakiv will present results of July Business Tendency Survey.

Speakers:

Oleksandra Betliy, macroeconomic, public finance, social and healthcare expert, IER Leading Research Fellow;

Vitaliy Kravchuk, macroeconomic, monetary policy and financial market expert, IER Leading Research Fellow;

Oksana Kuziakiv, IER Chief Executive, Head of the Center for Contemporary Society studies.

English is a working language of the meeting.

We sincerely hope that you can honor us with your presence.

Please, register for the participation in the Briefings via <https://forms.office.com/e/X5SK7QDdDz>

Diplomatic Briefings represent an exclusive initiative by the IER, thoughtfully tailored to cater to the needs of diplomatic institutions, government entities, and central banks of Ukraine's international partners. We kindly request your discretion in refraining from sharing this invitation with individuals outside of your respective organizations.

Should you wish to extend this invitation to additional colleagues who would benefit from this discussion, we would appreciate if you would be so kind to provide us with their contact information.

The Institute for Economic Research and Policy Consulting (IER) is a well-known Ukrainian independent think tank established in 1999, focusing on economic research and policy consulting. The IER is a top Ukrainian think tank with internationally recognized expertise almost 20 years of experience in implementing projects on Ukraine's economic development funded by international donor organizations, i.e. SIDA, USAID, UNDP, World Bank Group and others. In 2017 Global Go To Think Tank Index Report the IER is one of the 140 Best Independent Think Tanks out of 6,500 surveyed, it is 49th in “Best Advocacy Campaign” category, 69th as best International Economics Think Tank and 86th best Think Tank in Central and Eastern Europe. The IER has successfully implemented multiple international donors projects related to the field of reform implementation in Ukraine. The IER successfully combines professional analysis with active involvement in public dialogue and advocacy and actively cooperates with Ukrainian national and regional authorities in issues related to strategic planning and policy development as well as policy implementation. The IER has the capacity for grant management and provides re-granting for capacity development to regional civil society organizations and media. The IER financial standing has been secured through projects as well as private contributions.

Kind regards,

Igor Burakovsky,
IER Head of the Board
