SIRGESTATUD TRASSI PLAAN		<p>The plan view shows a horizontal alignment of the trench. It starts with a blue dot at the left end. The alignment consists of several straight segments connected by manholes (represented by semi-circles). The segments are labeled with their lengths in meters: 1,0, 17,6, 4,8, 0,7, 3,9, 3,9, 0,6, 1,9, 4,0, 2,0, 0,2, 23,2, 111,0, 10,2, 28,4, 22,9, 22,8, 17,6, 21,0, and 1,1. Manholes are located at the boundaries of these segments. Angles between segments are indicated: 130° at the first manhole after the 1,0 segment, 130° at the second manhole after the 17,6 segment, 130° at the third manhole after the 4,8 segment, 130° at the fourth manhole after the 0,7 segment, 130° at the fifth manhole after the 3,9 segment, 130° at the sixth manhole after the 3,9 segment, 130° at the seventh manhole after the 0,6 segment, 130° at the eighth manhole after the 1,9 segment, 130° at the ninth manhole after the 4,0 segment, 130° at the tenth manhole after the 2,0 segment, 130° at the eleventh manhole after the 0,2 segment, 130° at the twelfth manhole after the 23,2 segment, 130° at the thirteenth manhole after the 111,0 segment, 130° at the fourteenth manhole after the 10,2 segment, 130° at the fifteenth manhole after the 28,4 segment, 130° at the sixteenth manhole after the 22,9 segment, 130° at the seventeenth manhole after the 22,8 segment, 130° at the eighteenth manhole after the 17,6 segment, and 130° at the nineteenth manhole after the 21,0 segment.</p>
