Official inquiry

Dear Sir or Madam,

This is an official inquiry from the Estonian Transport Administration, the authority responsible for the supervision of vessels.

A vessel built at your shipyard, currently named Admiral Bellingshausen (ex-ANTILLA, ex-CRYSTAL SHIP, ex-ANNABELLE, ex-BRAMANTE, ex-ST JEAN II), is registered in the Estonian Ship Register: <https://laevakinnistusraamat.rik.ee/en/Detail?RegistriosaId=845>

Description:

Wiki: https://et.wikipedia.org/wiki/Admiral_Bellingshausen

Marinetraffic: [BELLINGSHAUSEN \(MMSI: 276850000\) Ship Photos | AIS MarineTraffic](#)

Estonian Transport Administration has an inquiry regarding the length of this vessel. Currently vessel registered length is 23,9m.

Do you have any preserved technical drawings or official documentation indicating the actual length of the ship?

Thank you in advance for the information you can provide.

Yours sincerely

(Digitally signed)

Jan Jaanson
