

Information meeting for the training programme in genomic epidemiology and public health bioinformatics – “GenEpi-BioTrain”

18 October 2024

Webinar, Friday, 18 October 2024, 13:00-14:30 CEST

Chair: Anders Rhod Larsen

Programme	
13:00-13:05	Welcome (Anders Rhod Larsen, SSI) <ul style="list-style-type: none"> Adoption of the meeting agenda & Housekeeping
13:05-13:15	Presentation: Background of the training programme (Theresa Enkirch, ECDC)
13:15-13:25	Presentation: Training programme in genomic epidemiology and public health bioinformatics – “GenEpi-BioTrain” (Valeria Bortolaia, SSI) <ul style="list-style-type: none"> Overview of the training programme and training activities
13:25-13:35	Presentation: “Bridging the gaps in bioinformatics” (Kirsten Ellegaard, SSI) <ul style="list-style-type: none"> Outline and learning outcomes of the course edition 2025
13:35-13:45	Presentation: Pathogen Wave 5 activities at Research Center Borstel (Christian Utpatel, RCB) <ul style="list-style-type: none"> Overview of activities at RCB in 2025
13:45-13:50	<i>Short break</i>
13:50-14:10	Presentation: GenEpi-BioTrain consortium partners <ul style="list-style-type: none"> Danish Technical University (DTU), Denmark Institut Pasteur (IP), France Research Centre Borstel (RCB), Germany Statens Serum Institut (SSI), Denmark Finnish Institute for Health and Welfare (THL), Finland Karolinska University Hospital (KUH), Sweden
14:10-14:20	Presentation: Nomination and selection process (Theresa Enkirch, ECDC) <ul style="list-style-type: none"> Who did we invite and why Who will be involved and how Nomination and selection of training participants Upcoming dates
14:20-14:30	Feedback and Q & A session; AOB (Anders Rhod Larsen, SSI)
