

Chief of the Italian Navy

Prot. n. 0577

Rome, 4 October 2023

Dear Commodore,

following a tradition started in 1996, I am honoured to invite you and your partner to the 14th edition of the Trans-Regional Seapower Symposium (T-RSS), which will take place from the 8th to the 10th of October 2024 in the beautiful historical city of Venice.

The 2024 T-RSS will address the following leading theme: "Spotlight on the depths: the underwater as new frontier for mankind", with the aim of exploring challenges and opportunities of this increasingly strategic environment, through a wide range of perspectives.

I am confident that the 2024 Trans-Regional Seapower Symposium, enriched by your involvement and insights, will provide us with an opportunity to further enhance dialogue and cooperation, in a joint effort to find innovative solutions to the challenges that "like-minded Navies" are facing in the underwater.

Further details will be provided in due time. For any information, my Staff stands ready at international.relations@marina.difesa.it.

I am looking forward to meeting you in Venice on October 2024.

Sincerely yours

Admiral Enrico CREDENDINO

Commodore
Jüri SASKA
Commander of the Estonian Navy
