Dear National Focal Points for Training, (Members and Alternates)  
 Dear EPIET and EUPHEM Training Site Representatives, Dear Scientific  
 Coordinators, Dear EPIET Alumni Network board,

CC: National Coordinators (Members and Alternates)  
 CC: Vicky Lefevre, Head of Unit Public Health Functions  
 CC: ECDC Country Cooperation  
 CC:

We are pleased to inform you that the Call for Applications for the ECDC  
 Fellowship Programme Cohort 2025 is now published on the .

According to the :

Two ECDC selection committees (one for each of the two paths), appointed  
 by ECDCs Director, are responsible for selecting the fellows. The  
 selection committees will be chaired by the Head of Fellowship Programme.  
 This function may be delegated to another staff member within ECDC. The  
 respective selection committees include the Head of Fellowship Programme,  
 one scientific coordinator or ECDC staff with relevant expertise, one

representative of the ECDC Fellowship Training Site Forum, one representative of the National Focal Points for Training who is familiar with the ECDC Fellowship Programme and has a scientific background related to the respective path, and one representative of the alumni network (EAN). Each representative should preferably have an alternate. The chair of the Selection Committee may decide to only have a Selection Committee with a minimum of three (3) members. This The Selection Committee should preferably have members with a balanced geographical representation of the Member States, and a rotation should be ensured to avoid having members sitting in the committee for several consecutive years.

Therefore, we would kindly ask:

- \* National Focal Points for Training to volunteer to be part of one of the selection committees for EPIET or EUPHEM C2025 selection process, in your role as National Focal Points for Training.
