UK-Estonian Medical Training Collaboration

Dear Colonel Nordmann,

As the Surgeon General of the Estonian Defence Forces, I am pleased to invite you to a meeting during your upcoming visit to Estonia, coinciding with your role as a guest speaker at a conference on 6th and 7th of February organized by Tartu Ambulance Foundation.

This meeting would provide a valuable opportunity to discuss collaborative efforts in military medical training between the United Kingdom and Estonia. We believe that your expertise and perspective would greatly enhance the discussion and help us shape future initiatives in this vital area.

I am happy to accommodate your schedule to ensure the meeting aligns seamlessly with your commitments at the conference. Please let us know your availability so we can make the necessary arrangements.

I look forward to the opportunity to meet and work together toward strengthening our shared objectives in military medicine.

Best regards,

Ahti Varblane, MD, MSc
Lieutenant Colonel (res)
Surgeon General
Estonian Defence Forces
