Dear Mrs. Andreasyan,

Please allow me to express my deep gratitude for our warm and friendly meeting and interesting discussions during your visit to Estonia in May. Cultural relations between Estonia and Armenia have always been close and I am confident that after your official visit to Estonia, the cultural cooperation will be further enhanced in several areas.

I would also like to thank you for the invitation to the Yerevan International Book Fair in September. Unfortunately, at that time I am fully occupied with the budget negotiations of the Government of the Republic of Estonia, which is why I will not be able to travel away from Estonia during this period. However, I am sure that in the future there will be other good opportunities to visit your wonderful country and get acquainted with your deep cultural traditions and heritage.

Yours sincerely,

Heidy Purga
Minister of Culture
